## Create Your Own Explainer Video With mysimpleshow!

### Market Leader simpleshow Launches Do-It-Yourself Tool

They say a picture is worth a thousand words. That gives you an idea of what an explainer video must be worth. Sometimes, a short and simple explanation is just what someone needs to help clearly understand how your product solves a problem, how a process works, or what an idea is all about.

At simpleshow we have created 3-minute explainer videos in our signature paper cut-out style for years. Trusting the effectiveness of simplicity, we have established the simpleshow methodology that – scientifically proven – transfers information in a way that is likable and easy-to-understand. With the power of storytelling and simple illustrations that stay in mind, even the most complex topics are easily explained with a simpleshow explainer video.

With mysimpleshow we have made creating such powerful videos easy. mysimpleshow is an easy-to-use, web-based application that allows anyone to create their own explainer videos. The power of our Explainer Engine “auto-magically” transforms your script into a great explainer video! Thousands of original simpleshow illustrations visualize your story. Voiceover recording or upload, or alternatively the application’s high-quality text-to-speech tool finalize your individual explainer video.

„If you can't explain it simply, you don't understand it well enough!“

Albert Einstein
